

- > Anyone that can bring a zero turn or rider mower to cut Ranges A - F**
- > Weedwack the curves at the intersection of Pistol Range Rd. & Community Rd.**
- > Weedwack around shooting lines & buildings**
- > Clean bathrooms (include the ceiling extractor fans that have dust on them).**
- > Empty out, throw out trash and reorganize the lumber/tool shed next to club house.**
- > Empty out and clean pump house shed.**
- > Empty trash cans throughout ALL ranges.**
- > Brushcutter/Weedeater along fence line (inside and out). Trim overhanging limbs on fence with loppers. Around entire perimeter if possible.**
- > Pile up dead brush and limbs for future burning.**
- > Remove old side tables at range B and install newly painted and prepared replacements.**
- > Help Mike DeGuire with building roof over moving target motor at range A2. Other items possible.**
- > Replace target backers as needed. (Please use lumber and coroplast wisely).**
- > Help John Burns replace 2x4's at range H that hold steel plates as needed.**
- > Possibly help Chris Caveda build IDPA/GPA walls.**
- > Overall sweeping and cleaning of all ranges.**
- > If E&F ranges red light not operational by workday, then maybe someone with electrical skills can diagnose and repair.**
