

To the Members of TRPC and the Board of Directors,

On behalf of the Leon County Sheriff's Office Explorer Post, I am writing to express our sincere gratitude for your support of our Explorer Program. Your generous contribution has had a significant impact on the success of our Explorers.

Thanks to your involvement, our Explorers have been able to compete in state competitions 4 times throughout the year, with the focus being on shooting competitions. During the shooting competitions, our Explorers compete with over 200 other Explorers throughout the state. At every competition we have attended, we always come back with a shooting award. Your contribution, whether through your time, resources, or advocacy, provide invaluable opportunities for our Explorers' development. By supporting our Explorers and providing them with a dedicated shooting range to train, you help open doors to education, skills training and personal growth that might otherwise remain closed.

It is inspiring to see the difference your support makes. The confidence and capabilities you help instill in these young people are a foundation for their future success and empower them to become responsible adults. I became an Advisor with the Explorers in 2023 and since then, we have had 3 Explorers enlist in the military and 1 who is currently in the process of being hired with the Leon County Sheriff's Office. Again, we could not do this without your support.

Thank you again for your dedication to the well-being and future of our youth. Your generosity is truly appreciated. My apologies for not being there to give my thanks in person. I will be at an Advisor Workshop, preparing for the upcoming state competition in June.

Sincerely,

Lieutenant Pepper Norrman
